

The Kererū is a cleverly designed 70sqm home that balances contemporary style with smart, practical living. Featuring three bedrooms and a well-appointed bathroom, this compact design maximises every square metre to create a comfortable and functional home.

The open-plan kitchen, dining, and living area forms the heart of the home, providing a welcoming space for everyday living and relaxation.

Sliding doors off the living and bedroom open up onto a corner deck or patio and invite natural light inside while creating an easy connection to outdoor living.

Clean lines and thoughtful planning ensure the Kererū feels modern, efficient, and easy to live in, making it an ideal choice for small sections, downsizers, or those looking for a stylish and affordable home.
